HomeSure

BREAKDOWN COVER FOR YOUR HOME

WHAT DOES IT MEAN?

The colour coded key is a guide to the areas of the home that the HomeSure range can care for.

Central Heating	Plumbing & Drains	Boiler & Controls
Plumbing	Home Electrics	Internal Gas Supply or Oil Line/Supply
Gas or Oil Appliances	Shown for reference but not included under these agreements	

EXAMPLE:

Mrs J's heating hadn't come on & it was freezing cold. She had **A.B.C.'s HomeSure Gold** Cover (Option 3).

She telephoned **A.B.C. HomeSure** and was immediately able to speak to one of their friendly operators.

“Hello A.B.C. HomeSure can I help you?”

One of their engineers was with her within the hour. The problem was with the PCB, this was replaced and Mrs J's heating was soon back n.

If Mrs J hadn't got **A.B.C. HomeSure** cover it could have cost her (example) **£253.20** to fix it.

Mrs J was extremely happy with the prompt response & service she received and has remained a loyal & valued customer.

**“Thank you very much
A.B.C. Plumbing”**
